

# AN OUNCE OF PREVENTION IS WORTH A POUND OF CURE.

In 1736, Benjamin Franklin penned that famous axiom and it still holds true. A&R Comfort Care is like your annual car inspection except we will inspect your home's plumbing, heating, and air conditioning three times per year. That kind of attention's got to be expensive, right? Wrong.

For only \$199 per year, your entire home's plumbing, heating, and air conditioning systems will be inspected, plus, you will always receive Value Rate Pricing, No Overtime Charges on emergency calls, Priority Service over non-member customers, and the A&R 100% Guarantee. Year-round.

So, for the price of a monthly pizza your family can enjoy peace of mind that you'll be comfortable year-round!

A&R customers expect the best from us, and we strive to meet those expectations.

Our team has the knowledge and skills to fulfill all your plumbing, heating, and air conditioning needs. Emergencies don't just happen from 8-5. No matter when you call A&R Mechanical Services, you will reach a real person who will direct your call to the right department to your needs taken care of.

A&R is locally owned, and family operated. We are proud to be established in the Panhandle community. As part of the community, you can expect us to be there for you when you need us. Our reputation will provide you peace of mind that you are receiving the best service possible when hiring A&R Plumbing, Heating, and Air Conditioning.
